## Fund Information

SIFTER FUND (hereinafter the "Fund") is a variable capital investment company constituted in accordance with the Part I of the amended law of December 17, 2010 relating to Undertakings for Collective Investment (the "2010 Law"). It was incorporated on May 21, 2003 for an unlimited period with an initial capital of EUR 32,000.- divided into 320 Shares of the "SIFTER FUND Global" Sub-Fund. The Articles were filed with the Registre de Commerce et des Sociétés of Luxembourg.

The capital of the Fund is equal to the total net assets of the Fund.

The Fund is registered with the Luxembourg Register of Commerce and Companies under the number B 93438. The Articles of Association provide that all liabilities, whatever Sub-Fund they are attributable to, shall, unless otherwise agreed upon with the creditors or unless otherwise provided by law from time to time, only be binding upon the relevant Sub-Fund.

The Articles of Association were amended for the last time by notarial deed at an extraordinary general meeting held on August 12, 2019.

The objectives of the Fund are to offer its shareholders the possibility of investing in an investment vehicle oriented towards the growth of capital through investments in securities and money market instruments.

The Board of Directors may at any time and in compliance with the Articles of Association create additional Sub-Funds and/or Classes of Shares, whose investment aims may differ from those of already existing Sub-Funds and/or Classes of Shares.

At the date of the financial statements, one Sub-Fund is active:

- SIFTER FUND - Global

The financial year of the Fund begins on 1st September and ends on 31st August of each year.

The accounts of the Fund are expressed in EUR.

The Fund is one single legal entity. However, with regard to third parties, in particular towards the Fund's creditors, each Sub-Fund shall be exclusively responsible for the liabilities attributable to it. The debts, engagements and obligations which are not attributable to one Sub-Fund have to be considered for all Sub-Funds on a prorata basis. The Fund shall maintain for each Sub-Fund a separate portfolio of assets. Between Shareholders, each portfolio of assets shall be invested for the exclusive benefit of the relevant Sub-Fund.

Upon creation of new Sub-Funds, the Prospectus is adjusted to provide detailed information concerning the new Sub-Funds. The historical performance of the individual Sub-Funds is outlined in the Key Investor Information Document relating to the Sub-Funds / Classes of Shares. Historical performance is not an indication of future performance.

As an "open" ended investment company, the Fund may issue, redeem and convert its Shares at a price based on the respective net values of those Shares.

The prospectus, the Key Investor Information Document ("KIID"), the unaudited semi-annual reports, the annual reports including audited financial statements and copies of the Fund's Articles of Association are available at the registered office of the Fund.

The Net Asset Value per share of each Class of Shares of the Sub-Fund, and their issue, redemption and conversion prices are available at the registered office of the Fund.

## Management Report

Equity markets in Europe and the USA had a good year, ending the year between 18% and 28% thanks to a rapid rollout of vaccines in their economies, less hospitalizations and softer lockdowns.

In the USA, a relief package was introduced by the new administration and economic data showed that the country recovered rapidly, with unemployment falling rapidly. Concerns over valuation and inflation persisted during the year, while the US-China trade war continued with a mix of sanctions, constraining regulation and tit-for-tat measures. Supply chains issues also weighted on some companies and sectors, especially semiconductors. The US Federal Reserve also indicated that it would raise its rates in coming years, leading investors to reassess valuations and exposures.

In Europe, the year started with the signature of the Brexit Agreement between the UK and the EU, though disputes started almost immediately and continued during the year regarding custom rules, fishing rights and Northern Ireland.

Asia had a mixed year as vaccination was less rapid and 'zero covid' policies continued to see punctual locked down. China was a particular worry for investors, with a giant property developer (Evergrande) defaulting on international bonds, an energy crisis that saw part of the country experience blackouts, and aggressive actions from the government to regulate various sectors and industries. Meanwhile, Japan saw a change in leadership but continuous economic policy.

Emerging markets were particularly sensitive to the news relating to the US Federal Reserve interest rate increase and commodity prices recovery.

Oil settled at a new normal (around USD 75 /barrel for WTI and Brent), up from an average of USD 60 /barrel in previous years.

Gold decreased sharply at the beginning of the year but remained at a higher level.

The fixed income market saw increasing yields thanks to economic reopening and the US stimulus program, though yields declined during the second quarter as inflation came out stronger than expected. During the third quarter, major central banks started to indicate that they would raise rates in the coming years, though yields remained unchanged. They eventually fell during the fourth quarter due to more hawkish sentiment from the US Federal Reserve. Corporate bonds outperformed government bonds during most the year, except the last quarter.

Annual Investment Management report (1.9.2021 – 31.08.2022, later referred to as “the period”)

General economic context and investment objective

The Sub-Fund invests in quality businesses which have strong competitive advantages and low financial leverage. As a result, the Sub-Fund believes that short-term economic fluctuations do not impact the underlying businesses of its portfolio companies as severely as they impact the overall market. Still, the Sub-Fund does recognize the market turbulence caused by macroeconomic movements, which in this period was characterised by sporadic COVID-19 breakouts and lockdowns, high inflation in most economic regions, widespread supply-chain issues in many industries, monetary tightening by central banks, and increased economic uncertainty.

During its fiscal year, the Sub-Fund’s global allocation of stocks changed slightly during the period. The largest exposure at the start of the period was the United States, with over 55% exposure, which decreased to just below 50% at the end of the period.

On the other hand, the exposure to European stocks increased from about 20% to about 25%. The geographical exposure to Asian stocks (Japan and Taiwan) decreased from about 19% to over 15%. Exposure to Canadian stocks increased from 6% to 7%. The Sub-Fund makes no deliberate investment decisions based on geographical origin alone, but rather invests into attractive businesses regardless of its geographical presence.

During the period, the Sub-Fund’s largest sector exposure was the information technology sector. Performance was supported by stock market appreciation of companies in the Health Care industry, with notable outperformers being Novo Nordisk and Johnson & Johnson. Consumer Staples likewise outperformed, driven by Costco Wholesale Corporation which performed well during the pandemic period. The main detracting industry was Consumer Discretionary, where automotive suppliers Autoliv and Koito suffered from lower automotive volumes and part shortages, and consumer facing stores Starbucks and Nitori Holdings faced inflationary issues and demand shocks.

## Management Report (continued)

During the period, the Sub-Fund invested in three new companies: Universal Music Group NV, The Walt Disney Company and West Pharmaceutical Services. The Sub-Fund sees that these companies are quality businesses, available at a reasonable price:

- Universal Music Group was invested in due to its vast catalogue of music records which are monetized through an increasing number of channels and in increasing volumes as the penetration of paid music streaming services grows globally.

- Walt Disney was identified as a relatively cheap company with strong competitive advantages in its media and parks businesses. The Sub-Fund believes that Disney's novel streaming service(s) would fare well due to its strong brand recognition and good media content base. On the other hand, the growth in streaming would cannibalize its cable-tv related businesses. The main risks with this investment were identified as the uncertainty around the novel streaming business and changes in top-level management.

- The Sub-Fund made its initial investment in the drug packaging manufacturer West Pharmaceutical Services in June. The Sub-Fund believes the company has a dominant competitive position in its industry which is also characterised by high regulatory entry barriers. The Sub-Fund believes the company will grow thanks to increased demand for high-quality components mainly as a result of the growing large molecule pharmaceuticals market.

During the period, the Sub-Fund divested two companies: S&P Global Inc and Starbucks:

- S&P Global was divested due to the integration risks associated with its merger with IHS Markit.

- Starbucks was divested for three main reasons: lockdown uncertainty and post-COVID-19 recovery in China raised the risks of the company's China venture, wage inflation and unionization of U.S. Starbucks locations cause margin pressure uncertainty, and changes in top-level management caused concern.

Companies that were not divested during the period were deemed attractively valued, given the risks involved.

The Russia/Ukraine conflict does not appear to have a material impact on the performance of the Sub-Fund's investments. The companies in the portfolio have little or no exposure to the Russian market. The Sub-Fund's portfolio companies with the largest exposures were Atlas Copco and Safran, whose revenue from this region still amounts to less than 2 per cent of revenues. Some companies have manufacturing assets in Russia (Autoliv, SMC) but these represent a very small portion of total assets and have no significant impact on the companies' ability to continue normal operations. The increase in energy prices due to this conflict has likewise little to no direct impact on the profitability of invested companies.

During this fiscal year, the performance of the Sub-Fund was:

LU0168577939 - I EUR : (1.86%)

LU1194076995 - PI EUR : (1.48%)

LU0168736675 - R EUR : (1.93%)

## Independent auditor's report

To the Shareholders of  
SIFTER FUND  
Luxembourg

### Opinion

We have audited the financial statements of SIFTER FUND (the "Fund"), which comprise the statement of net assets and the statement of investments as at 31 August 2022, the statement of operations and changes in net assets for the year then ended, and the notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at 31 August 2022, and of the results of its operations and changes in its net assets for the year then ended in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements.

### Basis for Opinion

We conducted our audit in accordance with the Law of 23 July 2016 on the audit profession (the "Law of 23 July 2016") and with International Standards on Auditing ("ISAs") as adopted for Luxembourg by the "Commission de Surveillance du Secteur Financier" ("CSSF"). Our responsibilities under the Law of 23 July 2016 and ISAs as adopted for Luxembourg by the CSSF are further described in the "responsibilities of the "réviseur d'entreprises agréé" for the audit of the financial statements" section of our report. We are also independent of the Fund in accordance with the International Code of Ethics for Professional Accountants, including International Independence Standards, issued by the International Ethics Standards Board for Accountants ("IESBA Code") as adopted for Luxembourg by the CSSF together with the ethical requirements that are relevant to our audit of the financial statements, and have fulfilled our other ethical responsibilities under those ethical requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Other information

The Board of Directors of the Fund is responsible for the other information. The other information comprises the information included in the annual report but does not include the financial statements and our report of the "réviseur d'entreprises agréé" thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report this fact. We have nothing to report in this regard.

### **Responsibilities of the Board of Directors of the Fund for the financial statements**

The Board of Directors of the Fund is responsible for the preparation and fair presentation of these financial statements in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements, and for such internal control as the Board of Directors of the Fund determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors of the Fund is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors of the Fund either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

### **Responsibilities of the “réviseur d'entreprises agréé” for the audit of the financial statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue a report of the “réviseur d'entreprises agréé” that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors of the Fund.

- Conclude on the appropriateness of Board of Directors of the Fund of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our report of the "réviseur d'entreprises agréé" to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our report of the "réviseur d'entreprises agréé". However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

## Notes to the financial statements as at August 31, 2022

### Note 1 - General information

SIFTER FUND (hereinafter the "Fund") is a variable capital investment company constituted on May 21, 2003 for an unlimited period according to the Part I of the amended law of December 17, 2010 relating to Undertakings for Collective Investment, in accordance with the legislation of the Grand Duchy of Luxembourg. The Fund qualifies as an Undertaking for Collective Investment in Transferable Securities under the Council Directive 2009/65/EC, as amended.

The financial year of the Fund begins on 1st September and ends on 31st August of each year. The financial statements of the Fund are expressed in EUR.

The Net Asset Value per share of each Class of Shares of the Sub-Fund, and their issue, redemption and conversion prices are available at the registered office of the Fund.

The State of the origin of the Fund is Luxembourg.

### Note 2 – Significant accounting policies

#### 2.1 Presentation of the financial statement

The financial statements of the Fund are prepared on a going concern basis in accordance with the Luxembourg legal and regulatory requirements concerning Undertakings for Collective Investment and with generally accepted accounting principles in Luxembourg.

#### 2.2 Valuation of Investments

2.2.1 The value of cash in hand or on deposit, securities, stocks and shares and bills payable at sight and accounts receivable, prepaid expenses, dividends and interests declared or due but not yet collected, are made up of the nominal value of such assets, unless it appears unlikely that such value are collected; in which case the value is determined by deducting such amount which the Fund may deem necessary in view of reflecting the true value of such assets.

2.2.2 The value of any transferable security and/or financial derivative instruments which are officially traded or listed on a stock exchange on any other regulated, regularly operating, recognised market which is open to the public are in principle be determined as being their last known price in Luxembourg on the valuation date, and, where the security or financial derivative instrument is traded on several different markets, by taking the security's or financial derivative instrument's latest known price on its main market; unless such price is not representative.

2.2.3 In as much as transferable securities in the portfolio on the Valuation Day are neither officially listed nor dealt on a regulated, regularly operating, recognised market, or in the case or in the case where, for securities officially listed or dealt on a stock exchange or another regulated market, the price as determined is not representative of the true value of those securities, the valuation is made on the basis of their likely value of realisation estimated with due care and in good faith.

2.2.4 Where, as a result of special circumstances, a valuation on the basis of the aforesaid rules becomes impracticable or inaccurate, other generally accepted and verifiable valuation criteria are applied in order to obtain an equitable valuation and the Board of Directors may adjust the value of any investment or permit some other method of valuation to be used for the assets of the Fund if it considers that the circumstances justify that such adjustment or other method of valuation should be adopted to reflect more fairly the value of such investments.

#### 2.3 Acquisition cost of securities in the portfolio

The acquisition cost of the securities held by the Sub-Fund that are denominated in currencies other than the reference currency of the Sub-Fund is converted into this currency at the exchange rate prevailing on the date of purchase.

#### 2.4 Net realised gain/loss on securities portfolio

The realised gains and losses on securities portfolio are calculated on the basis of the average acquisition cost and are disclosed net in the Statement of operations and changes in net assets.

#### 2.5 Dividend income

Dividend income is recorded at the ex-date, net of any withholding tax.

### Note 3 – Subscription tax ("Taxe d'abonnement")

Under legislation and regulations prevailing in Luxembourg, the Fund is subject to the subscription tax ("taxe d'abonnement") at the rate of 0,05% per annum, except for the sub-funds share classes which benefit from a reduced tax rate of 0,01%, like money market Sub-Funds and the class of shares dedicated to institutional investors (The I-Class and PI-Class benefit from a reduced "taxe d'abonnement" of 0.01% of the net assets which is dedicated to that type of shares).

A Sub-Fund or share class may be exempted of "taxe d'abonnement" to the extent that: its shares are reserved for institutional investors, it is investing solely in money market instruments and deposits with credit institutions, and it has obtained the highest possible rating from a recognized rating agency.

The "taxe d'abonnement" is calculated on the basis of the NAV of each Sub-Fund on the last day of the quarter and payable quarterly to Luxembourg authorities.

## Notes to the financial statements as at August 31, 2022 (continued)

### Note 3 – Subscription tax (“Taxe d’abonnement“) (continued)

Pursuant to Art 175(a) of the amended Law of December 17, 2010, the net assets invested in UCI already subject to the “taxe d’abonnement“ are exempt from this tax.

### Note 4 – Management Company, Portfolio Management, Domiciliation, Administration Fees and Risk Management fees

The Management Company is entitled to receive from each Sub-Fund a management company fee of max 0.075% per year, based on the net assets of the Sub-Fund with a minimum of EUR 15,000 per Sub-Fund per year. The fee will be calculated on the monthly average of the total assets under management of the previous month. The fee will be payable monthly in arrears.

The Management Company is entitled to receive a maximum portfolio management fee 0.075% per year, based on the net assets of the Sub-Fund with a minimum of EUR 20,000 per Sub-Fund per year. This fee will be payable monthly in arrears.

The Management Company is also entitled to receive from each Sub-Fund a domiciliation fee amounting of EUR 3,500 per year. This fee will be payable yearly.

The Management Company is further entitled to receive from each Sub-Fund an administration maximum fee of 0.06% based on the net assets of the Sub-Fund with a minimum of EUR 24,000 per Sub-Fund per year. This fee will be payable monthly in arrears.

The Management Company is entitled to receive from each Sub-Fund a Risk Management fee amounting of EUR 9,000 per year. This fee will be payable monthly in arrears.

### Note 5 – Investment Advisor Fee

The Investment Advisor is entitled to receive from the Fund a maximum fee of 0.05% based on the net assets of the Sub-Fund per year per share class.

### Note 6 – Placement agent fees

The Placement Agent is entitled to receive the following fee based on the net assets of the Sub-Fund per year for:

- 1.2% for R and I share classes; and
- 0.8% for PI share class.

### Note 7 – Depositary Fees and Paying Agency Fees

The Depositary will receive a depositary fee of maximum 0.05% calculated on the basis of the Net Asset Value of the Fund at the end of each month and payable each month, plus a fixed commission per transaction.

Further the Depositary will receive an additional supervisory UCITS V fee of 0.005% calculated on the basis of the Net Asset Value of the Fund at the end of each month and payable each month with a minimum of EUR 2,500 per year and per Sub-Fund.

Furthermore, the Depositary charges a fee per transaction on securities. In addition, the Depositary is entitled to be reimbursed by the Company its reasonable out-of-pocket expenses and the fees charged to it by any correspondent bank or other agent (including any clearing system).

### Note 8 – Registrar and Transfer Agent Fees

EFA is entitled to receive from each Sub-Fund a registrar and transfer agency flat fee of EUR 6,000 per year and an additional fee per share class (starting from the second share class) of EUR 500.

EFA is further entitled to receive transaction-based fees.

### Note 9 – Directors

Each Director is entitled to an annual remuneration of 15,000 EUR + VAT per annum.

## Notes to the financial statements as at August 31, 2021(continued)

### Note 10 – Performance fees

The Performance Fee is payable for all share classes and is based on the last NAV per share calculated at the end of each calendar quarter (the Last Quarterly NAV).

If the NAV per share appreciates during the quarter by more than 1.25%, or by the Euribor (12 month) rate Bloomberg (BBG) code EUR012M applicable at the beginning of the quarter for the quarter, whichever is higher (the Hurdle Rate), relative to the latest All Time High NAV per share, the Management Company is entitled to receive 15 % of the increase of appreciation of the NAV per share in excess of the Hurdle Rate.

The All Time High NAV per share is always the latest NAV per share based on which a Performance Fee has been paid.

The performance fee will only be payable if the Last Quarterly NAV per share has reached the latest All Time High NAV per share and has surpassed it by the Hurdle Rate (High Water Mark system).

The performance fees will be payable on the outstanding shares at the end of the relevant quarter and become due for payment after the end of the quarter.

In case of subscription, the performance fee calculation is adjusted to avoid that this subscription impacts the amount of performance fee accruals. This adjustment is applied to the performance fee calculation until the end of the relevant period and is adjusted in case of subsequent redemptions during such period.

If any shares are redeemed or converted into shares of another Sub-Fund during the calculation period, the cumulative performance fee accrued during the calculation period in respect of those shares shall be crystallized and become payable to the Management Company, even if no accrual for performance fees is otherwise due, after the end of the relevant quarter.

For distribution shares, if a dividend was distributed during the relevant financial period, this dividend per share is added to the current NAV per share in order to determine the variation of NAV to be taken into account.

At the end of the year, a performance fee was recorded for the Sub-Fund as follows:

Sub-Funds	Performance Fees	Amount of performance fee charged	% on share class NAV of performance fee charged
SIFTER FUND - Global	Class I - 15%	EUR 207,826.27	0.91%
	Class PI - 15%	EUR 336,134.11	0.93%
	Class R - 15%	EUR 1,014,522.29	1.00%

At the end of the year, outstanding performance recorded for the Sub-Fund is as follows:

Sub-Funds	Performance Fees	Amount of performance fee charged	% on share class NAV of performance fee outstanding
SIFTER FUND - Global	Class I - 15%	EUR 0.00	0.00%
	Class PI - 15%	EUR 0.00	0.00%
	Class R - 15%	EUR 0.00	0.00%

### Note 11 – Distribution of dividends

There are no distributions of dividends for the year.

### Note 12 – Changes in portfolio composition

Details of purchases and sales of investments for the year are available free of charge at the registered office of the Fund or Management Company.

### Note 13 – Subsequent event

There are no subsequent events to disclose.

## Unaudited appendix

### Method used to calculate global risk exposure

The method retained by the Management Company for the determination of the global risk exposure of the active Sub-Funds is the Commitment Approach.

### Total Expense Ratio (TER)

The TER is defined as the ratio between the total operating expenses (excluding performance fees and transaction fees) and the relevant Sub-Fund's / share class' average NAV (calculated on the basis of the average of the total net assets for the relevant period) expressed in its reference currency.

For the year ended August 31, 2022, the TER of each of the share class of SIFTER FUND - Global is as follows:

Class I	1.63%	Class PI	1.23%	Class R	1.67%
---------	-------	----------	-------	---------	-------

### Portfolio Turnover Ratio (PTR)

The PTR refers to the measure of trading activity within a Sub-Fund's portfolio.

The PTR is defined as the ratio between the difference of the sum of the purchases and sales and the sum of the subscriptions and redemptions and the average NAV (calculated on the basis of the average of the total net assets for the relevant period) of the Fund expressed in its reference currency.

For the year ended August 31, 2022 the PTR of the Sub-Fund is as follows:

SIFTER FUND - Global	10.04%
----------------------	--------

### Securities Financing Transaction Regulation ("SFTR")

As at August 31, 2022, the Fund is in the scope of the requirements of the Regulation (EU) 2015/2365 on transparency of securities financing transactions regulation ("SFTR"). Nevertheless, no corresponding transactions were carried out during the year referring to the financial statements.

### Sustainable Finance Disclosure Regulation ("SFDR")

The investments underlying this financial product do not take into account the EU criteria for environmentally sustainable economic activities.

### Remuneration Policy

The Management Company established a remuneration policy that is compatible with a sound and efficient management of risks, that encourages such management, and which does not encourage excessive risk-taking which would be inconsistent with the risk profiles, rules or instruments of incorporation of the Funds.

The remuneration policy is aligned with the business strategy, objectives, values and the interests of the Management Company, of the Funds and of the investors in such Funds; and includes measures to avoid conflict of interests.

The remuneration policy and practice applies to those categories of employees, including senior management, risk takers, control functions and any employee receiving total remuneration that falls within the remuneration bracket of senior management and risk takers whose professional activities have a material impact on the risk profiles of the management companies or of the funds that they manage.

The below represents the total fixed and variable remuneration of the staff of the Management Company attributable to all the funds it manages from September 01, 2021 to August, 31, 2022, taking into account UCITS and non-UCITS; as well as the figures proportionate to the total net assets of the Fund:

	Total for the Management Company	Total to the total net asset of the Fund
Fixed remunerations	3,164,883 EUR	90,576 EUR
Variable remunerations	- EUR	- EUR
Number of beneficiaries (average headcount)	48	1
Amount paid directly by the Fund	- EUR	- EUR

## Unaudited appendix (continued)

### Remuneration Policy (continued)

The below represents the aggregate amount of remuneration broken down by executive and identified staff from September 01, 2021 August 31, 2022, whose actions have a material impact on the risk profile of the funds, taking into account UCITS and non-UCITS; as well as the figures proportionate to the total net assets of the Fund:

	Total for the Management Company	Total to the total net asset of the Fund
Remuneration to executives	866,418 EUR	24,796 EUR
Identified staff	915,304 EUR	26,195 EUR

The fixed element represents a sufficiently large proportion of the total remuneration and allows the Management Company to operate a completely flexible bonus policy, including the possibility to pay no variable remuneration component. No remuneration includes a variable element commitment. Bonuses were awarded by combining the evaluation of each employee's own performance based on non-financial criteria with that of the relevant operational department concerned and the results of the Management Company.

The Board of Directors establishes the general principles governing the Management Company's remuneration policy and supervises its implementation. This process is governed by the non-executive directors. In establishing this policy, the Board of Directors of the Management Company takes into account all elements pertaining to the Management Company's strategy, the risk-taking strategy, and the nature, scale and complexity of the activities. The Board of Directors of the Management Company is reviewing the remuneration policy on a yearly basis.
